INSECT TALES

The true name of the daddy-long-legs is the crane fly.

The call of a katydid can be heard a quarter of a mile.

The "insect bell," a Japanese beetle, emits harmonious sounds like those of a bell.

The mole cricket has curious mole-like hands, admirably adapted for digging.

A mother wasp will ruthlessly kill any of her offspring which she finds feeble or deformed.

A caterpillar will, in the course of a month, eat food weighing 8,000 times as much as its own body.

Grasshoppers in South America attain a length of five inches and their

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there's no need of having a clogged complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your liver will tell you ninety per cent of all diseases come from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

wings spread out ten inches.

The largest insect known, but now extinct, was a dragon fly, which had a wing spread measuring two feet.

There are spiders in Argentina that spin webs on telephone and telegraph wires heavy enough, when dew soaked, to cause short circuits.

The flea can hop over an obstacle 500 times its height. If man were capable of leaping in the same proportion, he could easily hop over a mountain 3,000 feet high.

"Don't rub your youth away!"

Save your strength for other things

"SO tired I was ready to cry" is what one woman wrote us she felt at the end of wash day.

Today she is fresh and happy on Monday night, ready to go out with her husband or play with the children. She is one of the hundreds of thousands of women who have let Rinso take the place of all the exhausting rubbing she used to do.

Rinso loosens all the dirt from even the heaviest pieces of the weekly wash. It soaks the clothes sweet and clean in a few hours without harming a single fabric.

Don't rub your youth away. Get a package of Rinso today from your grocer or any department store. Lever Bros. Co., Cambridge, Mass.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. Advertisement.

Muddle the world.—Tupper.

Great men never make bad use of their superiority: they see it, and feel it, and are not less modest. The more they have, the more they know their own deficiencies.—Rousseau.

Deadly Work of Lightning.

While riding one mile of a team with which he was hauling timber, a nineteen-year-old boy was instantly killed by a bolt of lightning which came from an apparently clear sky in Tallahassee, Ala. Two negroes and a dog under an oak tree beside the road were hit by the same bolt and one negro and the dog were killed. The other was knocked unconscious. All the mules were killed.
